PROFILE SUMMARY

Joiner Software Engineering (HND, ESOFT Metro Campus) with hands on experience building full stack and desktop applications in C#, Python, and React. Shipped three independent projects spanning database driven systems, API integrations, and responsive web apps. Strong foundation in SQL, JWT authentication, and system design, with six months of applied IT support experience. Seeking a junior developer or software engineering role to apply these skills in a production environment.

EXPERIENCE

Web Developer Level Web Limited, United Kingdom Remote / Sri Lanka
15 April 2026 – 27 September 2026

- Assisted with the development and maintenance of websites, contributing to day-to-day web development activities.
- Supported the development and maintenance of Learning Management System (LMS) features.
- Updated web pages and LMS content based on project and content requirements.
- Worked with a development team to support website and LMS-related tasks and deliver assigned work.
- Gained practical experience in web development, website maintenance, content management, and collaborative software development workflow

IT Support Technician (Training Placement) Regional Department of Health Services, Sri Lanka
02 January 2023 – 04 July 2023

- Reduced staff downtime by resolving an average of hardware, software, and network issues per week, cutting ticket resolution time by through systematic troubleshooting and root-cause diagnosis.
- Maintained workstations, printers, and routers across the department by performing scheduled installations, configurations, and preventive maintenance, supporting system uptime.
- Improved accuracy of ICT records standardizing data entry and database management processes across departmental systems.
- Partnered with cross-functional staff to roll out new digital tools, improving workflow efficiency across the department.

PROJECTS

SmartMed Pharmacy Management System
Technologies: C#, .NET Framework 4.8, Windows Forms, SQL Server Local DB
Built a desktop pharmacy management system with separate Admin and Customer roles, covering medicine management, customer management, order processing, inventory tracking, secure login, and automated report generation.

AI Travel Assistant
Technologies: Python, Desktop GUI, Open Router AI, Open Weather API
Developed a desktop travel chatbot supporting package search, bookings, live weather, maps, currency conversion, and voice input, with AI-powered responses via the Open Router API.

Smart Route Management & Scheduling System (SRMSS)

Technologies: React 19, Vite, Tailwind CSS, React Router, Axios, Recharts

Built a responsive full-stack web app for route, vehicle, driver, and schedule management, featuring JWT authentication, CRUD operations, fuel and maintenance tracking, and interactive dashboards with data visualization.

SKILLS

Languages: Python, C#, HTML, CSS, JavaScript, SQL

Databases: MySQL, Microsoft SQL Server, SQLite

Frameworks & Tools: React, .NET, Tailwind CSS, Git

AI & Machine Learning: Generative AI Tools, Prompt Engineering, AI-Assisted Software Development, AI API Integration Fundamentals, Machine Learning Fundamentals

Operating Systems & Networking: Windows, macOS

IT & Technical Support: Hardware/Software Troubleshooting, System Maintenance, Printer & Network Configuration, End-User Support

Productivity & Design: Microsoft Office, Google Workspace, Canva, Adobe Photoshop

Professional: Technical Documentation, Team Collaboration, Time Management

EDUCATION

London Metropolitan University (LMU) *2026 – Present*
BEng (Hons) Software Engineering – Top-up

ESOFT Metro Campus *2024 – 2025*
HND in Computing Software Engineering (Pearson Certificate)

ESOFT Metro Campus *2024 – 2025*
Diploma in Information Technology (NVQ Level 3)

Sri Lanka Youth Centre *2022 – 2023*
NVQ Level 4 Information and Communication Technology Technician

Sri Lanka Youth Centre *2021 – 2022*
NVQ Level 3 Computer Application Assistant

Zahira College *2019*
General Certificate of Education Ordinary Level

CERTIFICATIONS

Google for Education Gemini Certified: demonstrated knowledge and core competencies in using Google AI tools.

Sri Lanka Youth Centre Professional English (Certificate Level).

LANGUAGES

English (Professional Proficiency) | Tamil (Fluent) | Sinhala
